The University of Manitoba
Faculty of Science
Department of Computer Science
Instructor I
Position #21688

The Department of Computer Science at the University of Manitoba invites applications for one full-time probationary position at the Instructor I level, commencing July 1, 2016, or as soon as possible thereafter. Minimum qualifications are an M.Sc. in Computer Science or a closely related discipline, with a proven record of superior teaching in a range of Computer Science courses at the university level. The ability to teach a broad range of Computer Science courses, utilizing a variety of languages including Python, and the ability to act as the course director for first- and second-year courses will be considered assets. The successful candidate will also exhibit evidence of the ability to work in a collaborative environment.

Duties will include teaching a variety of courses at the undergraduate level (potentially a combination of live, on-line, and distance delivery), curriculum development, as well as service-related activities. Further information concerning the Department, the Faculty of Science, and the University may be obtained from the respective websites at www.cs.umanitoba.ca, www.umanitoba.ca/faculties/science and www.umanitoba.ca.

To enhance our department and create role models for a diverse population of students, we particularly invite applications from those who can support and enhance our diversity, including women, Indigenous peoples, other visible minorities, and those committed to a diverse environment.

The Department currently has 23 full-time tenure-track faculty members and 6 full-time instructors, and offers a full range of both undergraduate and graduate programs, including cooperative programs. We currently have approximately 80 graduate students and 560 undergraduate major and honours students. There are a total of approximately 29,600 students at the University of Manitoba.
Winnipeg (winnipeg.ca) is the largest city in the Province of Manitoba. The city has a rich cultural environment, including symphony, opera, dance, theatre, and ethnic festivals. The region provides ample opportunities for outdoor recreation in all seasons. The University of Manitoba is strongly committed to equity and diversity within its community and especially welcomes applications from women, members of racialized communities, Indigenous persons, persons with disabilities, persons of all sexual orientations and genders, and others who may contribute to the further diversification of ideas. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.

Applications including a curriculum vitae, a statement of teaching philosophy, and names and contact information for three references should be sent to search@cs.umanitoba.ca (PDF file preferred). Please ensure to specify position number 21688 in the application. For further information contact the Search Committee Chair, Department of Computer Science, University of Manitoba, Winnipeg MB R3T 2N2 or phone (204) 474-8313. The closing date for applications is April 15, 2016.

Application materials, including letters of reference, will be handled in accordance with the Freedom of Information and Protection of Privacy Act (Manitoba). Please note that curricula vitae may be provided to participating members of the search process.
